1 Abstract **1**

2 Introduction **3**
2.1 Motivation 4
2.2 Challenges 6
2.3 Contribution 9
2.4 Structure 10

3 Related Work **11**
3.1 Attributes of Radio Links 11
3.1.1 Human Presence Detection 12
3.1.2 Bluetooth Low Energy 15
3.2 RF-based Positioning 17
3.2.1 Scene Analysis 21
3.2.2 Device-free Techniques 23
3.2.3 RF-based Techniques 25
3.2.4 Link-based 27
3.2.5 Summary on RF-based Positioning 32
3.3 Velocity Estimation 32
3.3.1 Summary on Velocity Estimation 35
3.4 Queueing Systems 35
3.4.1 Participatory mobile crowd-sensing 36
3.4.2 Autonomous queue monitoring with pre-deployed infrastructure . . 37
3.4.3 Summary on Queueing Systems 38
3.5 Summary 38

4 Accurate Event Detection and Velocity Estimation **41**
4.1 Velocity estimation in Wireless Sensor Networks 41
4.2 Analysed Techniques 44

4.2.1 RSSI-based Techniques . . . 45
4.2.2 Alert Magnitude-based Techniques . . . 48
4.2.3 Alert Magnitude Set-based Techniques . . . 51
4.3 Summary . . . 53

5 BLE-based Presence Detection for Waiting Lines 55
5.1 BLE Radio Links in RF-based Queueing Systems . . . 55
5.2 Challenges in using BLE for Presence Detection . . . 57
5.3 BLE-based Detection Algorithm Design . . . 59
5.3.1 RSSI Variance Based Technique . . . 60
5.3.2 Mean RSSI-based Technique . . . 61
5.4 Summary . . . 65

6 CutiQueue Prototype Queueing System 69
6.1 Communication Utility Queue . . . 69
6.2 Design of the CutiQueue Prototype Queueing System . . . 70
6.2.1 BLE-Based Detection . . . 70
6.2.2 Data Transfer . . . 72
6.2.3 CutiQueue Algorithm . . . 76
6.3 Summary . . . 79

7 Evaluation 81
7.1 Velocity Estimation Techniques . . . 81
7.1.1 RSSI . . . 84
7.1.2 Alert Magnitude . . . 85
7.1.3 Alert Magnitude Set . . . 89
7.1.4 Summary of the Velocity Estimation Results . . . 90
7.2 BLE-based Presence Detection Algorithm . . . 93
7.2.1 Implementation . . . 94
7.2.2 RSSI Variance Based Detection . . . 96
7.2.3 Mean RSSI Based Detection . . . 100
7.2.4 Queueing System Evaluation . . . 105
7.2.5 Summary of the BLE-based Presence Detection Performance . . . 108
7.3 The CutiQueue System . . . 111
7.3.1 Parameter Configuration . . . 114
7.3.2 Queueing System Evaluation . . . 120
7.3.3 Summary of the CutiQueue Systems Performance . . . 127
7.4 Summary of the Evaluation Results . . . 128

8 Conclusions and Outlook **131**
8.1 Conclusion 132
8.2 Outlook 134
